Honorable Clarence M. Kelley  
Director  
Federal Bureau of Investigation  
Department of Justice  
Washington, D.C. 20535

Dear Clarence:

Thank you for your letter of 25 September 1974 concerning the briefing we provided for a group of your computer professionals.

Frank Schwartz of your Liaison Office arranged an NCIC briefing on 11 October 1974 for Harry Fitzwater, Director of the Office of Joint Computer Support, and some of his senior people. The briefing was very helpful in providing insight into the workings of a large, real-time information storage and retrieval system.

I would like to thank Andrew Decker and his staff for a very comprehensive and interesting briefing, and I hope that these technical exchanges will continue in the future.

Sincerely,

W. E. Colby  
Director
